

New to North Denmark? Need a hand?

Meet the Expat Host Program!

Are you ready to enjoy this experience?

The Expat Host Program aims at offering expatriates and international citizens the opportunity to meet an experienced citizen and together discover the region, or the many different Danish professional or cultural peculiarities. You can choose between having a culture or a career host.

The Expat Host Program runs for approximately 6 months and during this time your host will help you develop both personally and professionally. We will make sure you get a suitable match, and you will meet with your host at least once a month, or as many times as you have decided between yourselves.

Who are the hosts?

The Expat Host Program invites many hosts with different backgrounds and careers. They:

- Have the motivation to help newcomers in the region;
- Work, or are active in a company or organisation in the region;
- Have the interest to show their network, their knowledge and connect people;
- Have the time to meet with you at least once a month;
