

"Go Vest"

- A different job offer

What is Go Vest?

Companies in Vesthimmerland demand labor. Go Vest makes an extraordinary effort to get highly educated workers with foreign background and companies in Vesthimmerland to meet. We are working to make companies ready to receive foreign labor and get foreign candidates to discover Vesthimmerland as an attractive workplace. The goal of the project itself is permanent hiring. If you are able to say yes to the following questions and find this interesting, we would like to hear from you!

- Are you a foreigner with ambitions to work in Denmark?
- Are you highly educated or highly specialized?
- Have you completed parts of your education in another country?
- Are you ready to work in a company in Vesthimmerland?
- Do you want to learn Danish?
- Do you want the opportunity to network with companies and participate in a matchmaking event?

We are looking for the first team of candidates to participate in Go Vest. The activities start in August and here you see the activity calendar:

Month	Activity
August	- Individual screening of Danish level - The Danish course at VUC starts - Welcome meeting
September	- Level 1 Danish course and test - We will visit a company and network - Social event / teambuilding event with the Go Vest Candidates
October	- Danish course level 2 (you must pass the level 1 Danish course test to continue) - We will visit a company and network
November	- Danish course level 3 (you must pass the level 2 Danish course test to continue) - Tour de Vesthimmerland – we will show you the area Vesthimmerland
December	- Finish Danish course with level 4 - Matchmaking event with companies from Vesthimmerland

Løgstør harbour

We believe that one of the important factors for getting a job in Denmark is to be able to speak some Danish. Therefore, the Danish course plays a part in the Go Vest project. The Danish course lasts about 2 weeks and the teaching is in the daytime at VUC Aalborg. The other weeks we will do the other listed activities and you will still have time for your ordinary jobsearch.
